

PRINT BOX
NIGERIA LIMITED

COMPANY PROFILE

2026

We deliver high-quality mono cartons, labels, and shrink sleeves using world-class offset and flexo technology providing reliable, ISO-certified packaging for Nigeria's leading brands.

Introduction

We are a leading packaging solutions company delivering exceptional offset printing and flexible packaging solutions to businesses across diverse industries.

Our commitment to quality, innovation, and customer satisfaction has made us a preferred partner for brands seeking packaging that performs and impresses.

With over 15 years of experience in Nigeria's packaging industry, we have built deep expertise in serving the FMCG, pharmaceutical, cosmetic, food & beverage, agro, and industrial sectors.

A Legacy of Precision Printing

Our Mission

We combine state-of-the-art technology with skilled craftsmanship to produce packaging that meets the highest standards of quality, durability, and visual appeal. From concept to completion, we work closely with our clients to bring their vision to life.

Technology & Craftsmanship

Our ISO 9001:2015, ISO 22000:2018, ISO TS 22002-4:2013 and FSSC 22000 certified manufacturing facility is equipped with advanced European machinery from the world's leading printing machine manufacturers — including KBA, Germany and Lombardi, Italy — enabling us to deliver consistent, high-precision results across every job.

What we do

End-to-end packaging solutions tailored to the needs of Nigeria's most demanding industries.

01

Offset Printing Services

High-volume, high-quality printing for packaging materials, labels, cartons, and promotional materials. Our advanced offset presses deliver consistent color accuracy and sharp detail across every run.

02

Flexible Packaging Solutions

Pouches, sachets, film & rollstock, laminated packaging, and specialty packaging. Multi-layer structures with superior barrier properties against moisture, oxygen, light, and odors.

03

Label Printing

Premium labels for products across industries. Produced on our Lombardi Synchroline 8-color UV flexo press — renowned globally for sharp detailing, consistent color, and technical versatility.

Materials **We Work With**

- PET, PE, PP, BOPP and Paperboard
- Aluminum Foil Laminates
- Paper Laminates
- Biodegradable and Recyclable Options
- High-Barrier Films
- FBB/SBS Boards, Kraft
- Metalized Boards & Specialty Materials

Our Machinery

KBA Printing Press

Industry-leading offset press delivering up to 7-color printing with Pantone matching precision

Lombardi Synchronline
8-color UV flexo press renowned globally for sharp detailing and consistent color

Die-Cutting & Finishing

Automatic die-cutting, hot-foil, embossing units, and high-speed folder-gluer

Our Products

01

Mono Cartons

Operating advanced UV sheet-fed offset systems, Printbox produces precision folding cartons with consistent color accuracy and structural integrity.

- 7 Color UV Offset Printing
- 5 Color Conventional Printing
- Folder Gluer Finishing
- Specialty Coatings & Finishes
- Structured Color Management
- Leaflet Folding

02

Self-Adhesive Labels

High-definition pressure-sensitive labels produced on our Lombardi 8-color UV flexo press, offering metallic, textured, clear-on-clear, and specialty label solutions for every industry.

- Lombardi Syncroline 10-color UV flexo press
- Cold foil, hot foil, and tactile varnish options
- Multi-layer labels and metallized effects
- Clear-on-clear for premium "no-label" look
- Food & beverage, pharma, cosmetics, and industrial grades

03

Shrink Sleeves

Vibrant 360° shrink sleeves with reverse printing for maximum durability and shelf impact — ideal for beverages, personal care, and household product packaging.

- Full 360° coverage for maximum brand visibility
- High-definition reverse printing for durability
- PVC and PET substrates for different applications
- Ideal for bottles, jars, cans, and irregular shapes
- Compatible with automated application equipment
- Calibrated Large Format Inkjet for Sampling

04

Specialty Packaging

Custom-engineered packaging with premium enhancements like soft-touch lamination, foiling, embossing, tactile varnishes, and die-cut windows to elevate brand presence on shelf.

- Soft-touch lamination for a premium hand feel
- Hot foil and cold foil stamping in gold, silver, and custom colors
- Embossing and debossing for tactile brand marks
- Die-cut windows for product visibility
- Rigid boxes and specialty structural forms

05

Industrial Labels

Custom-engineered packaging with premium enhancements like soft-touch lamination, foiling, embossing, tactile varnishes, and die-cut windows to elevate brand presence on shelf.

- Resistant to moisture, chemicals, and extreme temperatures
- Barcode and serialization capability for traceability
- RFID and NFC integration available (smart labels)
- High-tack adhesives for difficult surfaces

06

Printed Inserts / Leaflets

A folded product information leaflet intended to provide additional information about a particular drug which is inserted either manually or automatically in a folding carton. All our production locations have

- Straight Inserts, Cross Fold Inserts, Tapped Inserts
- Single Fold Inserts to be folded further on line

Why Choose us?

With deep experience serving the Nigerian and West African markets, we understand the regional supply chain, regulatory requirements, and fast-growing demands of modern brands.

Our team brings together expertise in printing technology, color management, quality control, and packaging engineering — ensuring flawless output, faster turnarounds, and competitive pricing.

The Printbox Advantage

01 Label Printing

Our plant is powered by industry-leading KBA, Germany offset presses and Lombardi, Italy UV flexo machinery — ensuring precision, efficiency, and consistent quality across every production run.

02 Rigorous Quality Assurance

ISO 9001:2015 and FSSC 22000 certified with full traceability and documented processes. Quality is integrated at every stage — not just at the end of production.

03 Customization & Innovation

From specialty finishes to technical label constructions, we offer tailored solutions to help brands stand out on the shelf. We work with every brief — from simple to highly complex.

04 Fast, Dependable Delivery

Optimized workflows and our own dedicated fleet of trucks ensure on-time delivery to your location — every time, without compromise.

05 Competitive Pricing

Volume-based pricing and efficient production processes allow us to offer competitive rates without sacrificing quality or turnaround speed.

06 Expert Local Team

Our experienced designers, technicians, and customer service professionals are dedicated to your success — from concept through delivery and beyond.

Our Certifications

FSSC 22000 **VERSION 6**

Food Safety System Certification - the globally recognised standard for food safety management in packaging manufacturing.

YUM Certification **Approved Supplier**

Approved packaging supplier for YUM Brands — meeting the stringent quality and food-contact safety standards required by global QSR chains.

SON **Standards Organisation of Nigeria**

Certified by the Standards Organisation of Nigeria, confirming our products meet national standards for quality and consumer safety.

MAN **Manufacturers Association of Nigeria**

Full member of the Manufacturers Association of Nigeria, reflecting our standing as a compliant, registered, and reputable Nigerian manufacturer.

GMP **Good Manufacturing Practice**

Adherence to Good Manufacturing Practice standards — ensuring consistent, controlled production environments especially critical for pharmaceutical and food-grade packaging.
